

### **2019 Fourth Quarter**

WATeR recently completed two successful events to kick off the 2020 membership year.

The first was the annual meeting which featured approval of new board members, updates from the WATeR committees on current activities, and a keynote speaker: Stephen Lyn Bales, author of 3 books and Ijams Nature Center Interpretative Naturalist (retired) presenting

**“Conservation Success Stories in the Tennessee River Valley.”**

The second event was the “Break the Bank” event sponsored by the Women’s Club at Rarity Bay for membership renewals and discussing Tellico Watershed issues and opportunities with members. A special thanks to Sue Kelly for coordinating this well attended event.

If you would like to join or renew your WATeR membership for 2020, please go to the [tellicowater.org](http://tellicowater.org) website: select the Volunteer/Join tab and download the membership form. Thank you for your support.
